Freelance Web Design Contract

Created 2 hours ago • Last modified 2 hours ago

This project involves the design and development of a fully responsive 4-page website for Acme Corp using Webflow. The site will feature modern, mobile-friendly layouts, basic SEO optimization, and smooth user experiences across devices. Additionally, the project includes two rounds of revisions to ensure the final product aligns with the client's vision. This contract outlines the scope of work, deliverables, and terms for a seamless project execution.

Tech Stack For This Project:

 Webflow

 Xano

 Zapier

 GSAP
